NEW RESEARCH FINDINGS OF THE DOCTORAL THESIS****Thesis title: INSTITUTION OF GETTING MARRIED UNDER THE LAW ON MARRIAGE AND FAMILY-THEORETICAL ISSUES AND PRACTICAL****Specialty:** Civil Law **Code:** 62.38.01.03**Doctoral candidate:** Bùi Thị Mừng**Supervisors:** Assoc. Prof. Dr. Đinh Văn Thanh; Dr. Nguyễn Văn Cừ**Training institution:** Hanoi Law University**SUMMARY OF NEW RESEARCH FINDINGS**

The thesis is a first in-depth and comprehensive study of the institution of getting married. The thesis has made new scientific contributions as follows: developing scientific concepts of getting married; comprehensively analysing and assessing the status quo of the institution of getting married; assessing influences of the institution of getting married on the construction, maintenance and promotion of traditional values of Vietnamese families; pointing out requirements for, and viewpoints on, improvement of the law on getting married; and based on those findings, making recommendation for enhancing the regulation effectiveness of the law on getting married. With the findings mentioned above, the thesis has its significantly theoretical and practical meanings. The thesis has improved legal theories on the institution of getting married in particular and the law on marriage and family in general and more broadly enriched the legal knowledge treasure. Scientific recommendations of the thesis have their significantly social meanings, contributing to the stability of marriage and family relations, the construction of happy Vietnamese families, and the creation of a solid foundation for promoting the social development. The implementation of research results of the thesis would also contribute to the economic development, ensure the sustainably economic development, and establish a healthy civil society where freedom to get married of each individual is being respected. These themselves are economic and social goals of the law regulating getting married.
