INFORMATION SHEET ON NEW RESEARCH
FINDINGS OF DOCTORAL DISSERTATION

Dissertation title: "The law on settlement of collective labour disputes over interests in Vietnam"

Specialty: Economic Law; Code: 62.38.01.07

Doctoral candidate: Vu Thi Thu Hien

Supervisors: Dr. Nguyen Thi Kim Phung; Dr. Do Ngan Binh

Training Institution: Hanoi Law University

SUMMARY OF NEW RESEARCH FINDINGS

As a research work that inquires systematically and comprehensively into the law on settlement of collective labour disputes over interests in Vietnam, the dissertation has mainly contributed to the knowledge the following issues:

Firstly, the dissertation has analysed, clarified and improved theoretical issues of collective labour disputes over interests and the law on settlement of those disputes in question. Particularly, on the basis of the law of many countries in the world and the standards of the International Labour Organisation on industrial relations, the dissertation has defined the content of regulation of the law on settlement of collective labour disputes over interests;

Secondly, the dissertation has relatively comprehensively analysed and assessed the current situation of the law on settlement of collective labour disputes over interests in Vietnam and the practice of applying the law in this area in terms of settlement principles, competent settlement bodies and orders and procedures for settlement of collective labour disputes over interests;

Thirdly, the dissertation has identified the requirements for improving the law on settlement of collective labour disputes over interests and offered some recommendations to amend and supplement some legal provisions in this area in accordance with the 2012 Labour Code and its guiding legal normative documents.
